

Nottinghamshire and Nottingham

Waste Local Plan

Post Hearing Action List

October 2024

During the hearing sessions for the examination of the Nottinghamshire and Nottingham Waste Local Plan on Tuesday 15th and Wednesday 16th October 2024, a number of potential main and additional modifications were discussed. This included the proposed [main modifications](#) (document EXAM 3) and [additional modifications](#) (document EXAM 2) the Councils proposed prior to the hearings as well as further potential main and additional modifications that arose during the course of discussions.

As detailed in the [Inspectors Post Hearing Note](#) (document EXAM 11) the Councils maintained a running list of the potential main and additional modifications and actions that arose during the discussions. The table below summarises these main and additional modifications and post hearing actions.

Please note that the table below does not provide the detailed wording of the potential main and additional modifications but provides an outline of where further modifications will be made to the [Pre-Submission Draft Version of the Nottinghamshire and Nottingham Waste Local Plan](#) (document CD1). Please note these are in addition to the already proposed main and additional modifications as detailed in EXAM 2 and EXAM 3.

The next steps and indicative timetable are set out within the [Inspectors Post Hearing Note](#) (EXAM 11), with the detailed modifications published for consultation expected in January/ February 2025.

Running list of potential main (MM) and additional (AM) modifications and action list following the hearing discussions

Matter & question	Policy/ Paragraph	Page	Action	MM or AM
Matter 1				
Q6	n/a	n/a	To update Nottinghamshire County Council Local Development Scheme to ensure the timetable (Table 2) for the Supplementary Planning Document on Biodiversity Net Gain in Minerals Waste and County Developments is accurate.	Action
Matter 2				
Q3 Q7 Q10	Paragraph 5.48 – 5.52	41	To add further text to explain how the Plan intends to address the capacity gaps identified in Table 11 for recovery and disposal of Household, Industrial and Commercial Waste, whilst recognising it is the Plans aim to manage waste as high up the waste hierarchy as possible. This will include detailing permitted capacity within the Plan area (with an amendment to the permitted energy recovery permitted capacity), recognition of waste movements out of the Plan area and how the Plan will encourage appropriate waste facilities to come forward and enable their permission by the proceeding strategic and development management policies.	MM
Matter 3				
Q4	Vision	44	To amend the 4 th paragraph of the Vision to recognise that the Plan will protect and where possible enhance the quality of life of those living, visiting and working in the Plan area. Reference to high quality agricultural land will also be amended to best and most versatile agricultural land.	MM
n/a	Strategic Objective 4	45	To remove the word 'by' from the first sentence for clarity and include reference to best and most versatile agricultural land.	MM
Matter 4				
Q1	Paragraph 7.8 – 7.11	50	To add a cross reference to Policy SP8 in the supporting text of Policy SP1 regarding how the County Council is consulted on District and Borough applications	AM

			and how the County Council can provide comments on applications and any waste audits submitted.	
Q11 of Matter 2	Policy SP2	51	To add an additional clause or include within clause 1 of Policy SP2 that the Plan supports the co-location of waste management facilities together and with complementary activities.	MM
Q2 Q3	Paragraph 7.16	52	Add additional text to paragraph 7.16 that applications for energy recovery facilities will need to provide detail to demonstrate there is sufficient feedstock available, therefore meeting clause b) (i) of Policy SP2.	MM
n/a	Policy SP3	53	Amend the first sentence of Clause 1 to 'waste treatment facilities.'	MM
Q4	Policy SP4	55	To amend clause 1. b) to reflect clause 4. c) of Policy DM12 of the Nottinghamshire Minerals Local Plan (adopted March 2021).	MM
Q6	Paragraph 7.41	59	Add additional text to paragraph 7.41 to explain how the Plan is responding and has considered the declaration of climate change emergencies by the Councils.	AM
Q6	Paragraph 7.47	60	To add further detail in the supporting text about applications for Energy from Waste facilities considering their carbon emissions at an application stage.	MM
Q13 Q14	Paragraph 7.63	66	To provide further explanatory text that Nottinghamshire County Council has agreements with the Borough and District Councils regarding when and how the County Council is consulted on applications that may affect waste sites. Further work will also be undertaken, beyond the Plan, to ensure that District and Borough Councils are aware of safeguarded waste sites within their administrative area and the County Council is adequately consulted when non-waste proposals may affect their operation.	AM

Matter 5				
Q4	Policy DM1	69	To add under employment land that waste facilities should be in employment areas that are compatible with waste management facilities.	MM
Q4	Paragraph 8.8	71	To add additional text to compliment the additional wording to Policy DM1 under employment land that waste management facilities will need to address the agent of change principle when considering whether a location is suitable so to ensure their operation does not place unreasonable restrictions on existing businesses and facilities.	MM
n/a	Policy DM3	78	To consider the reference to high-quality soil in clause 2. e). To amend clause 2. f) to ensure applicants are facilitating the use of sustainable modes of transport and submitting a travel plan where appropriate.	MM
n/a	Paragraph 8.44	80	To consider the reference to high quality soils.	AM
n/a	Paragraph 8.45	80	To add that a travel plan will be required, where appropriate, and so reflect the modification to Policy DM3.	MM
Matter 6				
Q1	Paragraph 9.3 – 9.5	111	To add text to expand further what the Authority Monitoring Report will contain, including how it will monitor the range of sites and facilities being permitted and how this helps to address the need identified in Tables 11 and 12. A further indicator which looks at monitoring the Vision and Strategic Objectives will also be considered.	MM
n/a	Glossary	128	Add a definition for Best and Most Versatile Agricultural Land.	AM
